

**Mississippi
Enterprise for Technology**

December 16, 2009

Mr. Donald R. Allee
Executive Director & CEO
Mississippi State Port Authority
P.O. Box 40
Gulfport MS 39502

Dear Mr. Allee:

The Mississippi State Port Authority at Gulfport is a tremendous asset to Mississippi and the surrounding areas. The renovation and restoration initiative is very important to the recovery and growth of South Mississippi as well as the region.

The Mississippi Enterprise for Technology (MsET) is dedicated to facilitating commerce, creating employment opportunities, and improving the quality of life for residents of this region – all of which will also be direct results of the Port Authority project.

MsET is proud to support the renovation and restoration of the State Port at Gulfport. We look forward to contributing long-term to the success of the project.

Sincerely,

MISSISSIPPI ENTERPRISE FOR TECHNOLOGY, INC.

Charles E. Beasley
President & CEO
